

# Research Product Order Form

- Complete the form below for **each separate** delivery date and email to [Info@BioSharingNetwork.com](mailto:Info@BioSharingNetwork.com).
- Please submit orders at least **5 business days** prior to the time products will be shipped or picked up.
- Ship/pick-up times are **4:00pm** unless otherwise stated in the form below.
- Orders submitted 3 or 4 days before ship/pickup time will incur a **\$25 stat fee**.
- Orders submitted 2 days before ship/pickup time will incur a **\$40 stat fee**.
- Orders received 1 day before ship/pickup date **cannot** be filled.
- For buffy coat and platelet orders on days with low predicted whole blood draws, you may be asked to choose a different ship date or different product.

Catalog Number	Description	Product Price	Donor Demographics	Quantity
<b>BUFFY COATS -</b>				
Whole blood-derived, manufactured <8 hours of collection; 1-2.5x10 <sup>9</sup> leukocytes (30-80% PMNs) in ~50 mL plasma				
BC-8L	Buffy Coat; available at 4:00pm day of collection	\$100	<input type="checkbox"/> \$10	
BC-8E	Buffy Coat; available at 10:00am day <u>after</u> collection	\$100	<input type="checkbox"/> \$10	
<b>LEUKOREDUCTION SYSTEM (LRS) CHAMBERS -</b>				
Byproduct of platelet apheresis; concentrated PBMCs (1-2.5x10 <sup>9</sup> PBMCs, <10% PMNs) in ~10 mL blood; "buffy cone" <b>** Available only Tuesday – Friday after 12:00pm. Cell counts cannot be guaranteed when specific donor demographics are requested.</b>				
LRSC-01	LRS chamber, sterilely sealed; available at 4:00pm day of collection	\$80	<input type="checkbox"/> \$10	
LRSC-02	LRS chamber, sterilely sealed; available at 12:00pm day <u>after</u> collection	\$65	Included	
LRSC-03	LRS chamber; drained, cells suspended in buffer; >1.2x10 <sup>9</sup> PBMC **	\$90	Included	
<b>ISOLATED PBMCs -</b>				
Isolated by Ficoll from LRS chambers the day after collection <b>** Available only Tuesday – Friday after 12:00pm. Cell counts cannot be guaranteed when specific donor demographics are requested.</b>				
PBMC-01	PBMCs suspended in buffer, >0.8x10 <sup>9</sup> PBMCs **	\$200	Included	
PBMC-02	PBMCs, cryopreserved; 10 <sup>9</sup> /vial	\$125	Included	
<b>PLATELETS -</b>				
Whole blood-derived platelet rich plasma (PRP); CPD anticoagulant				
PRP-8S	Single-donor "random" PRP; avg of ~6x10 <sup>10</sup> platelets in 40-60 mL plasma	\$100	<input type="checkbox"/> \$10	
PRP-8C	Platelet count provided on single-donor PRP unit	\$25	N/A	
PRP-24P	Pooled PRP from 5-6 donors; avg of ~3x10 <sup>11</sup> platelets in 250-350 mL plasma	\$200	N/A	
<b>PLASMA -</b>				
Whole blood-derived, 250-300 mL/unit; CPD anticoagulant				
RPF	Plasma isolated from whole blood and frozen <24 hours after collection	\$60	<input type="checkbox"/> \$10	
<b>RED BLOOD CELL (RBC) AND WHOLE BLOOD UNITS -</b>				
(subject to availability)				
RBC-01	Packed RBC unit, fresh, Adsol anticoagulant; available day after collection	\$280	<input type="checkbox"/> \$10	
RBC-02	Packed RBC unit, expired; Adsol anticoagulant	\$25	<input type="checkbox"/> \$10	
WB-01	Whole blood unit, fresh; CPD anticoagulant; available day of collection	\$550	<input type="checkbox"/> \$10	

<b>RESIDUAL SAMPLE TUBES -</b> Plasma (EDTA, purple top) or Serum (Red top), 48-72 hours after collection, not sterile				
EDTA-01	Single 6 mL purple-top tube containing whole blood in EDTA anticoagulant	\$20	<input type="checkbox"/> \$10	
EDTA-02	Two 6 mL EDTA purple-top tubes from <u>same donor</u>	\$60	<input type="checkbox"/> \$10	
SRT-01	Single 6 mL red-top tube containing clotted whole blood	\$30	<input type="checkbox"/> \$10	
SRT-02	Two 6 mL red top tubes from the <u>same donor</u>	\$80	<input type="checkbox"/> \$10	
SRT-03	Pooled serum only from 2 red top tubes from the <u>same donor</u> (4-5 mL)	\$100	Included	
<b>POOLED TUBE SERUM, MULTI-DONOR -</b> 450-500 donors/L of serum, pooled 72-96 hours from collection, verified negative infectious disease test results				
PTS-01	3.5 L Pooled tube serum, not sterile, frozen	\$1592	N/A	
PTS-02	1.0 L Pooled tube serum, not sterile, frozen	\$455	N/A	
PTS-03	1.0 L Pooled tube serum, not sterile, refrigerated (made on-demand)	\$455	N/A	
PTS-04	1.0 L Pooled tube serum, filter sterilized, refrigerated (made on-demand)	\$550	N/A	
PTS-05	1.0 L Pooled tube serum, filter sterilized, frozen	\$550	N/A	
PTS-06	500 mL Pooled tube serum, filter sterilized, frozen	\$275	N/A	
PTS-07	250 mL Pooled tube serum, filter sterilized, frozen	\$140	N/A	
PTS-08	50 mL Pooled tube serum, filter sterilized, frozen	\$30	N/A	
<b>DONOR SELECTION AND RECRUITMENT -</b>				
Sel-01	For the selection of an already-collected product based on specific donor attributes Age: _____ Gender: _____ Race: _____ CMV: _____ Other: _____	Quote	Included	
Rec-01	For the recruitment of a donor for a product collection based on specific demographics Age: _____ Gender: _____ Race: _____ CMV: _____ Other: _____	Quote	Included
